

Check Audit System

HE 1600

HEDMAN

Security Since 1914

Makes Great Impressions!

HE-1600/HE-2600 Check Audit System

EASE OF OPERATION

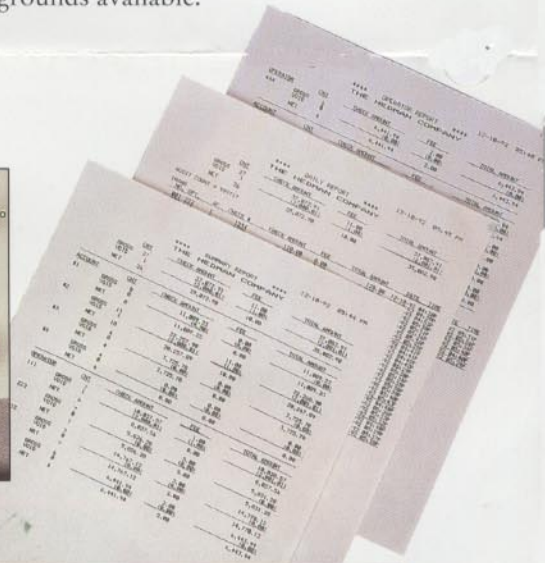

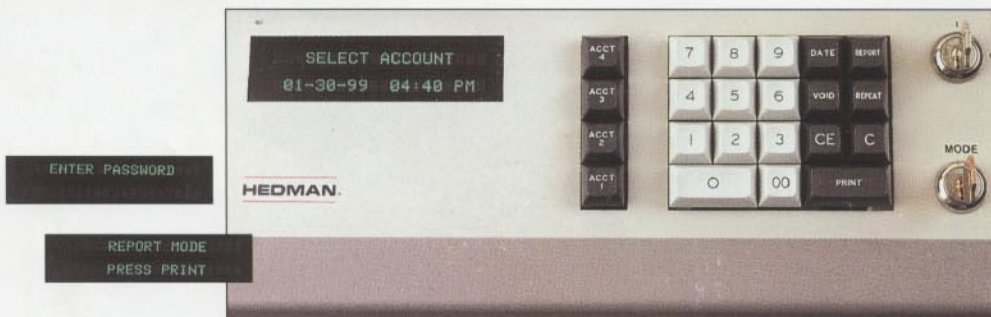

- The fluorescent display guides operators, speeds processing, eliminates errors and prevents check waste.
- Processes documents for 4 separate disbursement accounts allowing for different size and style documents.
- Three different reports list, summarize and total all transactions for simplified reconciliation.

- 1) Operator Reports for easy balancing
- 2) Executive Daily Report sequentially details every transaction
- 3) Executive Summary Report summarizes transactions by operator and account

- The system is easily programmed to print amounts, dates and signatures virtually anywhere on single or multi-part forms up to 9.5" W x 16.5" L (24.1 cm x 41.9 cm).
- For Non Disbursement activities, the programmable "sign only" option allows for easy, secured signature generation without the use of protected amounts or date.

DEPENDABLE SECURITY

- Amounts are printed with unique, double-height numerals designed to stifle alteration.
- Regular or Reverse imprint designs further secure the amount imprint.
- Special prefix and suffix imprints prevent additional numbers from being inserted.
- Custom or standard Prefixes are available for added security and control.
- Triple key/lock control prevents unauthorized access to general operation, executive functions and signatureeprom.
- Programmable Password option provides added security against unauthorized usage and detailed audit control.
- Unique "Void Over" statement further enhances amount security.
- Programmable Check Number option improves document reconciliation.
- Account and signature suppression limits improve manager's control over high amount disbursements.
- Multiple signature format, titles, logos and security backgrounds available.

FLEXIBILITY
