What merchants are saying ...

“Mercury is better than anything I’ve ever seen in my career! It’s so incredible—you swipe the card and the transaction is done.”

Dave Ostrom, Latitude

“Mercury Payments has far exceeded our expectations for ease of use, convenience, and speed. Your online reports are clear, concise and accurate. We could not be more pleased.”

Bob & Sue Clower, Ocean Side Sub Shop & Pizzeria

HSBC is our member bank. It is a leading financial services organization with assets of \$85.4 billion.

Global Payments is the sixth largest processor in the nation. Together, we provide your business with fast, reliable processing.

Datacap Systems is our technology partner. Together, we have created an interface that will enable you to easily add E-payments to your business.

fast, easy and affordable **payment processing**

MercuryPay

Value-added
IP and Dial-Up processing

IP Processing – 2 second transactions

IP transactions are the fastest way to process credit cards. Faster transactions increase productivity and improve customer satisfaction.

Dial-up Processing with enhancements

MercuryPay processes dial-up transactions in 15-25 seconds. Our dial-up service includes access to our free Class A certified Customer Support, available 24/7.

Signing up is easy

Just call us and your application will be taken over the phone in minutes. Once your application is complete, you'll be processing within 24-48 hours.

MercuryPay is affordable

We will match your existing rate, or build a custom rate to fit your business. Since MercuryPay is already integrated with your POS system, our technology is free. We require no time commitments or cancellation fees from our merchants.

Free 24/7 customer support

24 hours a day, 7 days a week, our Class A certified support is free to all of our processing merchants.

Free web reporting

We offer more than 30 free real-time web reports that give you immediate access to your data. You can check on transactions at one store or an entire chain, or review real-time results with a full history of transactions, and much more for free.

call mps or your dealer
